Cookies Policy

Aktiebolaget Systemstöd Sverige wants to inform you through this policy about the use of cookies on our websites and what data we process about you when you visit one of these.

What are cookies

Cookies are small text files that are stored on your computer and are used to track what you do on the website. The information collected is primarily aimed at developing the website and its performance. Please note that the cookie cannot identify you personally, but only the browser installed on your computer, tablet or mobile phone that you use during the visit.

For more information about how cookies work, please read more at www.allaboutcookies.org.

Cookies on pages from Systemstöd

On our websites:

- systemstod.se
- systemstod.fi
- systemstod.no
- systemstod.dk
- systemstodsbloggen.se
- systemstodpowerups.se

cookies are used. They are useful for several reasons, for example it helps us remember the language settings you have made.

We use cookies to manage and develop our websites, to improve and analyze the user experience and to target marketing in the services and social media channels provided by us or our partners.

Through cookies, we can collect information about, for example, where the visitor came from when he/she lands on our website, which of our websites and pages are visited and when, which browser is used and the IP address of the device used.

Different cookies

Necessary cookies

These cookies are necessary for our pages to function and they enable a smooth user experience.

Analytical cookies

Through analytical cookies, we can follow the use of our various pages and thereby improve the functionality of the pages. For example, we receive information about which pages of our website systemstod.se are most popular, where visitors navigate to after visiting the first page on the website or from which website they come when they arrive to our website and how long they stay on our website .

Marketing cookies

Through marketing cookies, we can adapt the content on our websites, so that we can, for example, show targeted content and advertising based on the visitor's previous behavior.

Opt out cookies

You can always give or withdraw your consent for analytical cookies and marketing cookies.

You can refuse to allow cookies by going to your browser's settings and deleting cookies. It is also possible to set your browser so that it notifies you when it receives a cookie. You then have the option to accept or reject the cookie.

More information about cookies in different browsers here:

- Manage cookies in Internet Explorer

- Manage cookies in Firefox

- Manage cookies in Chrome

- Manage cookies in Safari

If you choose not to allow cookies, it may mean that some of the functions on our pages do not work in the same way as if you had accepted them.

Some of the cookies on our website are managed by third parties and you can alternatively use the third parties' own tools to block these cookies.

If you do not want your visits to Systemstöd's pages to appear in the statistics in Google Analytics, there is an add-on that you can install in your browser. You can download the add-on from [Google's website here](). You can also deny the use of cookies by selecting certain settings in the browser (see above).

How long are cookies stored

The lifetime of a cookie varies depending on the type of cookie. "Session cookies" lifetime is during the time you surf, which means that these cookies are not stored and therefore also do not collect information when you close the browser. Persistent cookies, on the other hand, usually have a longer lifetime, which varies from minutes to a few years.

Use of cookies and other similar technologies on Systemstöd's websites and pages according to heading 2. Cookies on pages from Systemstöd above are as follows:

Strictly Necessary cookies

Cookie key	Domain	Cookie type	Expiration	Description
_hjAbsoluteSessionInProgress	.systemstod.se .systemstod.no .systemstod.fi .systemstod.dk	First-party	30 minutes	The cookie is set so Hotjar can track the beginning of the user's journey for a total session count. It does not contain any identifiable information.
__cf_bm	.hubspot.com	Third-party	30 minutes	This cookie is used to distinguish between humans and bots. This is beneficial for the website, in order to make valid reports on the use of their website.
_hjFirstSeen	.systemstod.se .systemstod.no .systemstod.fi .systemstod.dk	First-party	30 minutes	The cookie is set so Hotjar can track the beginning of the user's journey for a total session count. It does not contain any identifiable information.
__RequestVerificationToken		First-party	Session
