A comprehensive solution that makes it easy to offer the delivery options your customers desire.

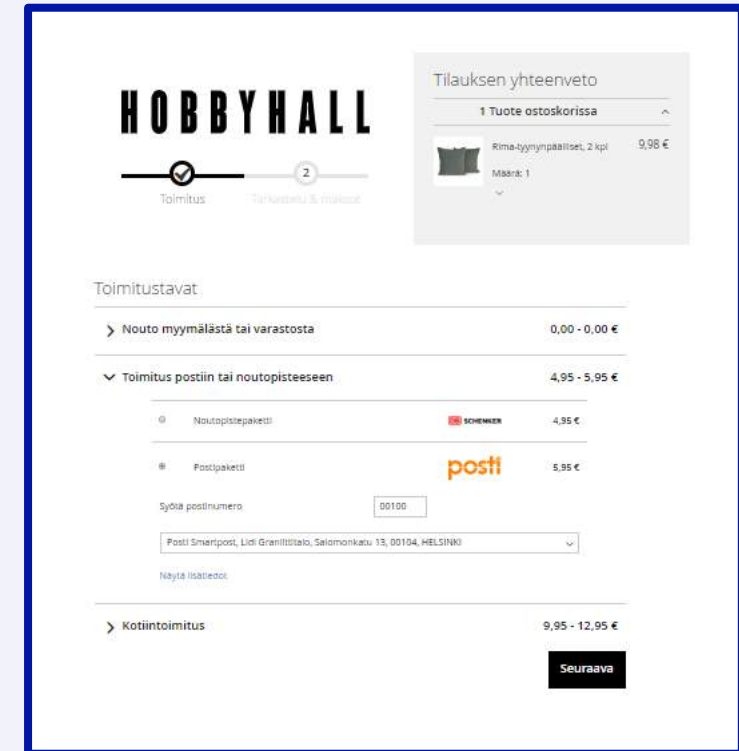

- Increases revenue by minimizing cart abandonment while increasing customer satisfaction and repurchase frequency.
- Only pay for completed purchases: we only make money when you make money.
- Enhance your customer delivery experience while increasing your revenue.

Full control and visibility at your fingertips

A new delivery option is just a few clicks away!

- Full control to configure which delivery options to offer at point-of-purchase, based on e.g who the customer is, where the customer is located and what the customer buys.
- All configuration, including adding new delivery options, can be done in real time without the need to update the system.

Grow and expand

Add delivery options from nShift's entire carrier library.

- Full multi-carrier, multi-language and multi-currency support, easily enabling cross-border commerce.
- Add your own value- and revenue creating addons, such as faster handling at the warehouse and gift wrapping.
- Add a collect-in-store option to further increase your revenue by getting online customers into your physical locations.

The screenshot shows the 'stadium' logo and the word 'Lieferung' (Delivery). It features three delivery options:

- Stadium-Filiale**: 4-7 Werktage (€ 0). This option is selected, indicated by a checkmark in an orange circle. A store icon is shown to the right.
- Lieferung nach Hause**: 4-7 Werktage (€ 4,95). This option is accompanied by the 'postnord' logo.
- DHL Express**: 2-4 Werktage (9,95 €). This option is accompanied by the 'DHL' logo.

A dropdown menu is open under the heading 'Wähle Store', showing the selected store: 'STADIUM Mönckebergstraße, Mönckebergstr...' with an upward arrow icon.

Fully integrated delivery options

A fully integrated and configurable platform to ensure your current and future flexibility.

- Easily integrated in the eCommerce front-end with a graphical widget component.
- Can also be deployed as a headless API solution.
- Easily integrated with EDI and printing of freight documents, creating a comprehensive information flow front-to-back without the need for expensive and time-consuming IT projects.

The image shows a user interface for selecting a DHL service point. The top section is titled "Pick up at DHL Servicepoint" and features the DHL logo and a price of "19 kr". A dropdown menu shows the selected service point: "ABRAHAMSBERGS VIDEO, ABRAHAMSBERGSVÄGEN 15". Below this, there is a link for more information. The interface also offers other options: "Pick up att Postnord pickup point" (with "Coop Engströms Livs, Nockeby Torg 1, BROMMA" as an example) and "Collect at Instabox" (with "Brommaplan TanExpress (Imorgon -14:00), BROMMA" as an example).

Below the interface is a detailed shipping label for a DHL Service Point. The label includes the following information:
